

The Extreme KeyCase-T2 with Trackpad is an all-in-one case solution that lets iPad 9/8/7 users choose typing, touchscreen or trackpad to best meet their needs -- now with the infinitely positionable FlexStand for customized comfort. The rugged TPU bumper surrounds the iPad and keyboard to provide shock-absorbing protection against drops, scratches, spills, and wear & tear. The integrated design keeps keyboard and stylus always available, with nothing extra to keep track of or lose. The smart design helps reduce classroom hassles, with tamper-proof keys and a water-resistant keyboard with integrated channels to drain liquid quickly in the event of spills. The custom-fit design ensures full functionality and easy access to camera, ports, and connections, while the virtually break-proof FlexStand adjusts smoothly to deliver infinitely customizable positioning. All materials are smooth and easy to keep clean and sanitized. Meets CAASPP/ELPAC requirements for online test administration.
