

Who says device protection has to be big and bulky? The EdgeProtect™ Plus case delivers a new level of protection for Chromebooks and laptops that's lighter, slimmer and comes with a budget-friendly price tag. The slimmed-down FrameGuard™ bottom is an innovative bumper-frame, securely attached with industrial-grade peel-and-place tape that evenly distributes vibration and enhances drop protection. The impact-resistant top is surrounded by shock-absorbing bumpers with reinforced overhang corners, adding drop protection where it's needed most. Installs quickly and easily. Delivers a perfect fit that never interferes with device functions. And slides easily into backpacks and charging carts. Now that's smart protection with an edge.

*Patent Pending

EdgeProtect™ Plus

Delivering the edge on smart protection

EdgeProtect™ Plus

Delivering the edge on smart protection

KEY FEATURES

- Perfect complement to new Chromebook and laptop designs from Asus, Acer, Dell, HP and Lenovo
- Innovative FrameGuard design enhances drop protection while reducing bulk and weight over previous designs
- The FrameGuard attaches easily with industrial-grade peel-and-place tape
- Stay-put, commercial-grade tape evenly distributes vibration for greater drop protection
- Shock-absorbing top bumpers safeguard edges and corners
- Fortified corners overlap bottom of closed device, further protecting vulnerable corners
- Impact-resistant polycarbonate top guards against scratches, dings and dirt
- Ideal for schools, with budget-friendly pricing
- Perfect-fit design never interferes with any device capabilities or functions
- Molded ergonomic tab for easy, comfortable open/close
- Custom colors and logos available with minimum order quantities
- Lightweight design fits easily into backpacks for comfortable carrying
- Enables easy asset-tagging, even with the case on
- Eco-conscious design with less material waste, for easier disposal and a reduced carbon footprint
- Fits virtually all charging carts
- Limited lifetime warranty
