

This tough, wrap-around case safeguards the Samsung Galaxy Chromebook Go 14-inch with new levels of full-surround protection. With updated rugged bumpers and overlap corners that are slim and lightweight, the -S model adds protection and functionality with an easy-grip, book-cover spine, designed to also protect the vulnerable hinge area. This wide, textured surface provides more secure carrying, delivering added insurance against drops. The rigid top and bottom panels made of compound polycarbonate, thermoplastic and polyurethane protect against scratches and impact damage. With a snug, perfect fit, the Extreme Shell-S supports all device functions and provides easy port access.
