MAX•CASES
Founded in Education.

Case appearance may vary by device model; all specifications remain the same

Delivering cost-savings along with rugged protection, the EdgeProtect* top-only case safeguards where it's needed most: devices' screen-side, edges and corners – the areas most vulnerable in the event of a drop. A custom-fit, top-only case, EdgeProtect safeguards your investment with impact-resistant, clear polycarbonate surrounded by shock-absorbing TPE edge and corner protection. When closed for carrying, the enhanced corners overlap the device bottom for added drop protection where it's needed most. Installs quickly and lightens the load for student carrying while delivering a slim, perfect fit that accommodates charging carts and never interferes with device functions.

*Patent Pending

EdgeProtect™
Cost-effective protection where it's needed most

EdgeProtect™

Cost-effective protection where it's needed most

KEY FEATURES

- Cost-effective design for the latest Chromebooks and laptops

- Ideal for schools, with budget-friendly pricing

- Top-only design protects devices' vulnerable screen-side

- Adds protection where it's needed most during a drop

- Shock-absorbing TPE bumpers safeguard vulnerable edges and corners

- Fortified corners overlap bottom of closed device, delivering even greater protection

- Clear polycarbonate top safeguards against scratches, dings and dirt

- Molded ergonomic tab for easy and comfortable open/close

- Perfect-fit design never interferes with any device capabilities or functions

- Lightweight design fits easily into backpacks for comfortable carrying

- Eco-conscious design with less material waste, for easier disposal and a reduced carbon footprint

- Fits virtually all charging carts

- Limited lifetime warranty

- Custom colors, logos available with minimum order quantities (additional fees apply)
